FROM NEW ZEALAND

Antipodian Citizen Writes The Public Ledger For Practical Temperance Statistics

Probably the longest-traveled letter that ever came to The Ledger Office arrived yesterday morning from Wellington, New Zealand, dated July 7th, 1908.

The letter explains itself and is given verbatim below. We trust that many of our readers will give the questions the grave attention the subject demands and will forward scintillating answers to the address given—REQUEST FROM NEW ZEALAND TO READERS OF THIS JOURNAL.

To the Editor—Sir: Would you kindly insert the following in your widely read journal? American citizens are requested to send by

return mail answers to the questions below with any remarks, newspaper clippings or literature on those subjects for publication in New Zealand newspapers.

1. Has no license or Prohibition carried in your State?
2. If so, has it benefited the community morally and financially?
3. What American States have carried prohibition of liquor?
 1. Is the Bible read in the common day schools of your State?
 2. In what other States is the Bible read in the Public Schools?
 3. What time daily is devoted to reading Scripture? State methods, etc.
 4. What is the population of your State? Postage to New Zealand is 5 cents. Please address replies via Vancouver to The Editor Settler, Kawhia, Auckland, New Zealand.

Electors wish to know how America has solved the above questions, as the Triennial General Election and the local option vote on the liquor question take place here in November next.

The Bible is excluded from our State schools, which is a mistake; it must be replaced and you will help by sending the experience of your State. You are respectfully urged to write on either question or both.

The population of New Zealand is nearly one million, including 44,000 pure Maoris. 50,000 people are living under Prohibition Law, and there are 1,600 State schools.

Be sure to address all matter for publication to the Editor as above, and ask for a reply newspaper.

Cut this letter out as a reminder.

Letters may now be sent via Vancouver, which is 20 days steam from Auckland, the city

which your fleet is visiting. I am yours truly,
JOHN G. W. AITKEN,
Member of Parliament in New Zealand.

P. S.—To insure your experience reaching all electors in New Zealand replies can also be sent to the Editors of the following newspapers:

The Editor Evening Post, Wellington, New Zealand.
The Editor Lyttelton Times, Christ Church, New Zealand.
The Editor Dominion, Wellington, New Zealand.
The Editor Daily Times, Dunedin, New Zealand.
The Editor Herald, Auckland, New Zealand.

With \$2,000,000 in cash in Maysville's five Banks, and \$300,000 of tobacco money to be distributed, the fall season looks mighty good to us.

You can generally get a mental line-up on the common sense, ability and financial standing of a farmer by taking a glimpse at the kind of fences he has on his place. To accurately size up the average farmer look at his fences and—his children.

REAL poverty does not consist in the lack of money, but in the lack of ideas, of beautiful and harmonious surroundings, of cheerfulness and gladness, of congenial companionship. In a word, it is a lack of knowing how to live. The most of us do not live; we merely exist and fatten and feed on the very grossest of material provender. What a life, when the classic career of the heavenly and the ideal is offered to us as a grand free prize and a priceless premium to rise from a sordid existence to the sphere of the unspeakably higher and purer life.

It begins to look like President Castro has the big bluffers bluffed.

The Convention of the International Typographical Union will meet in Boston, Mass., on August 10th.

SEVENTY-SIX years ago the first Democratic National Convention met in Baltimore. The Democratic party was old, even then, but Conventions were new. The most remarkable feature of the Democratic party, historically considered, is its vitality. It came into a definite and separate existence during the second Washington Administration and placed its first candidate for President in the field in 1796. Four years later it was successful in the election and entered upon a lease of power that was all but unbroken for sixty years. It buried the Federalist party, witnessed the death of the Whigs, smothered a half dozen smaller opposition parties and was supreme until 1860.

NEARLY MARRIED THE WHOLE FAMILY.

One of the Governors of Missouri, Claiborn F. Jackson, married one after another five sisters. "When for the fifth time," says Arthur Herkimer, the Missouri historian, "Jackson broached a marital proposition to his father-in-law the old man was eighty and quite deaf. This is the conversation that ensued:

"I want Lizzie!"
"Hey?"
"I want you—to give me—Elizabeth."
"Oh, you want me to give you Elizabeth, do you? What for?"
"For my wife."
"For your life?"
"I—want—to—marry—Lizzie!"
"Oh, yes, I hear you. You needn't rouse the neighborhood."
"Well do you consent?"
"Yes; I consent," said the old man, as he shook his head and said slowly:
"Yes, you can have her. You've got 'em all now, my boy. But, for goodness sake, if anything happens to that girl, don't come back here and ask me for the old woman."

SENSATIONAL DISCLOSURES

In the Aberdeen and Dover Banks, Both of Which Were Wrecked By Fawcett

\$5,000 Bond of Cashier Rist May Reimburse Dover Bank

Saturday's Enquirer contained a long and sensational article in a graphic dispatch sent out from this city, which in part follows:

There have been developments this week in connection with the failure of the Citizens Bank of Dover, Ky., a few miles from here, which show how the Bank suffered through the high finance practiced by its dominating spirit, D. A. Fawcett, who committed suicide following the disclosure of the insolvency of the Aberdeen Banking Company of Aberdeen, O., of which he was chief owner, and also President.

D. A. Fawcett, who was related by marriage to ex-Mayor Taggart of Indianapolis, Ind., came to Aberdeen about a year and a half ago, and about 15 months ago organized the Aberdeen Banking Company, with a capital of \$25,000. He became President and William Mutschelknaus was Cashier.

The wreck at Aberdeen involved the Citizens' Bank of Dover, which closed June 20th, and J. Elgin Anderson, one of the Directors, was made Assignee on June 22d.

The Assignee of the Bank at Dover found that the American Surety Company of New York furnished the bond of Cashier Rist, and on July 23d he made a demand for \$5,000, the amount of the bond. The case was referred to W. S. Diggs, at Cincinnati, Manager for the Surety Company for Southern Ohio, Northern Kentucky and West Virginia, and on Wednesday of this week Mr. Diggs sent H. F. Sharman, one of the Company's investigators, to Dover to look into the case.

It is learned that Mr. Sharman's investigation disclosed a claim by the Assignee of a shortage of \$8,204.07 in the Bank's accounts. This was made up of loans to Fawcett, amounting to \$9,594.67, with a credit of \$1,390.60 received from the Aberdeen Banking Company. The loans also included one for \$180 to Cashier Rist, due August 17th this year. For this difference the Assignee claims the Cashier is responsible, and he seeks to hold the Surety Company for as much of it as is covered by the bond.

Cashier Rist returned to Aberdeen soon after the closing of the Bank at Dover. It is said here that he insists that he is responsible for nothing but his note for \$180, and that he is ready to pay it at any time, and that he acted strictly within the scope of his duties and profited nothing by the loans to Fawcett.

MANY FAWCETT NOTES.

Included in the claim of the Assignee against the Surety Company is a note for \$1,750 given by Dr. G. E. Neal, a Director, now of Manchester, Ohio, for the last payment on his stock, on which note he has paid nothing but \$105, one year's interest.

There are two notes aggregating \$2,757.57, re-discounted for D. A. Fawcett, by the Second National Bank of Cincinnati, and the proceeds converted by Fawcett to his own use. There are two other notes of D. A. Fawcett for \$768.56, three notes aggregating \$2,340, bearing the names of D. A. Fawcett and G. E. Neal, and six notes aggregating \$3,548.59, the proceeds of which went through D. A. Fawcett to the Aberdeen Banking Company, and then disappeared.

The demand for restitution under the bond of Cashier Rist, on the ground that in whatever connection he may have had with these loans to Fawcett, if he had any, he acted solely within his authority, and without any intention of dishonesty, and that the bond of the Surety Company merely guarantees against larceny and embezzlement, neither of which offenses can be charged against the Cashier.

It is understood the Surety Company will claim that the Bank at Dover was looted by Fawcett in much the same way that he looted the Bank at Aberdeen, and that Fawcett was the only one participating in or profiting by any act of dishonesty.

JOHN T. SMITH & CO.

Surety Company, was advised of the contents of the above special from Maysville but declined to discuss the case further than to say that it was correct in the statement that the bond of Cashier Rist covered only a guaranty of honesty and not one of banking judgment.

It was a guaranty to the Bank against loss through larceny or embezzlement by the Cashier and he did not understand that the Assignee or Directors of the Dover Bank accused Mr. Rist of any such offense. The loans by the Bank to Fawcett, as he understood them, were made with the knowledge and approval of the Board of Directors, and in no way reflect upon the honesty of the Cashier, nor did he profit by them in the least. The bond certainly did not cover any breach of business confidence on the part of Fawcett. But Mr. Diggs declined to state what action his company will take until he has had time to go over the report of Inspector Sharman in every detail.

THROCKMORTON HOTEL

Gutted By Fire and Deluged
With Water

A Nasty and Stubborn Blaze—
Loss Fully Covered By
Insurance

Yesterday afternoon about 2:30 o'clock fire was discovered in the second story of the Throckmorton Hotel in East Front street, and before the stubborn blaze was subdued the building was damaged to the extent of \$400 or \$500 and the furniture practically ruined by fire and water, entailing a loss of perhaps \$800.

Just how the fire started no one seems to know. Mrs. Throckmorton and son, Walter, were on the first floor, perfectly unconscious of the destructive fire in progress overhead, and their first intimation of what was taking place above was when Mr. Walsh rushed in and informed them of the fact.

The Walsh residence is about fifty yards East of the hotel, and members of the family saw the flames through an open window and hastened to give the alarm.

From appearances the fire started in a closet under the stairs leading from the second to the third floor, and after gaining good headway spread in all directions and into several rooms.

Although working at a disadvantage, it did not take the Fire Department long to have

the fire under control after once getting down to business.

Among the articles ruined was a handsome \$400 piano, and Mrs. Throckmorton lost something like \$100 in paper money, besides all their wearing apparel being destroyed.

The building from the third floor down was flooded with water, and there is not an article in the house that escaped being damaged.

Mr. Joseph Schatzman, owner of the building, is insured for \$1,500, which will more than cover his loss.

Mrs. Throckmorton is also insured for an amount sufficient to reimburse her loss.

The trial of Beach Hargis begins next Monday at Jackson.

Frank Shea and Charley Pearce's ball teams played a tied game yesterday—score 7-7.

The large tobacco barn of Carroll Sleet, about five miles from Walton, and its contents of grain and implements were totally destroyed by fire Monday night.

WORK THAT TELLS.

Plenty of It Has Been Done Right
Here in Maysville.

Cures that last are cures that tell. To thoroughly know the virtues of a medicine you must investigate the cures and see if they prove permanent. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Maysville. People who testified years ago to relief from backache, kidney and urinary disorders now declare that relief was permanent and the cure perfect. How can any Maysville sufferer longer doubt the evidence?

M. C. Chisholm, 317 East Second street, Maysville, Ky., says:

"The cure which Doan's Kidney Pills effected in my case several years ago has remained permanent, and the testimonial I gave in their favor at that time still holds good. As previously stated, I was bothered a great deal by the too frequent action of the kidneys, this being especially annoying at night, when I would be obliged to arise several times. Having my attention called to Doan's Kidney Pills, I procured a box at J. J. Wood & Son's Drugstore, and I had only taken them a short time when I noticed a marked improvement in my condition, and continuing with their use was cured. I have since learned of several instances in which Doan's Kidney Pills have been used with like results, and this has only served to strengthen my already high opinion of them."

Good Summer Tonic

Most people at this time of the year need a good general system tonic. Even those who take the very best care of themselves find that they are obliged in the hot weather to tone up the system. You may not feel the need of it this week, but you will before long; but whether you do now or not remember that PECOR'S ORANGE PHOSPHO is the best known SYSTEM TONIC. It acts through the blood on every part of the system, reviving and stimulating it to new life and injecting the whole body full of energy. JUST WHAT YOU NEED.
